Become  
#PARTNER now

## be **PART** of it

and start networking is our motto at the **Banking and Insurance Summit**.

On 16/06/2020 we will hold our annual and industry-specific networking event for the financial sector.

Join us on our way and **Save the Date**.

Benefit from a partnership and put your company in the focus of the industry.

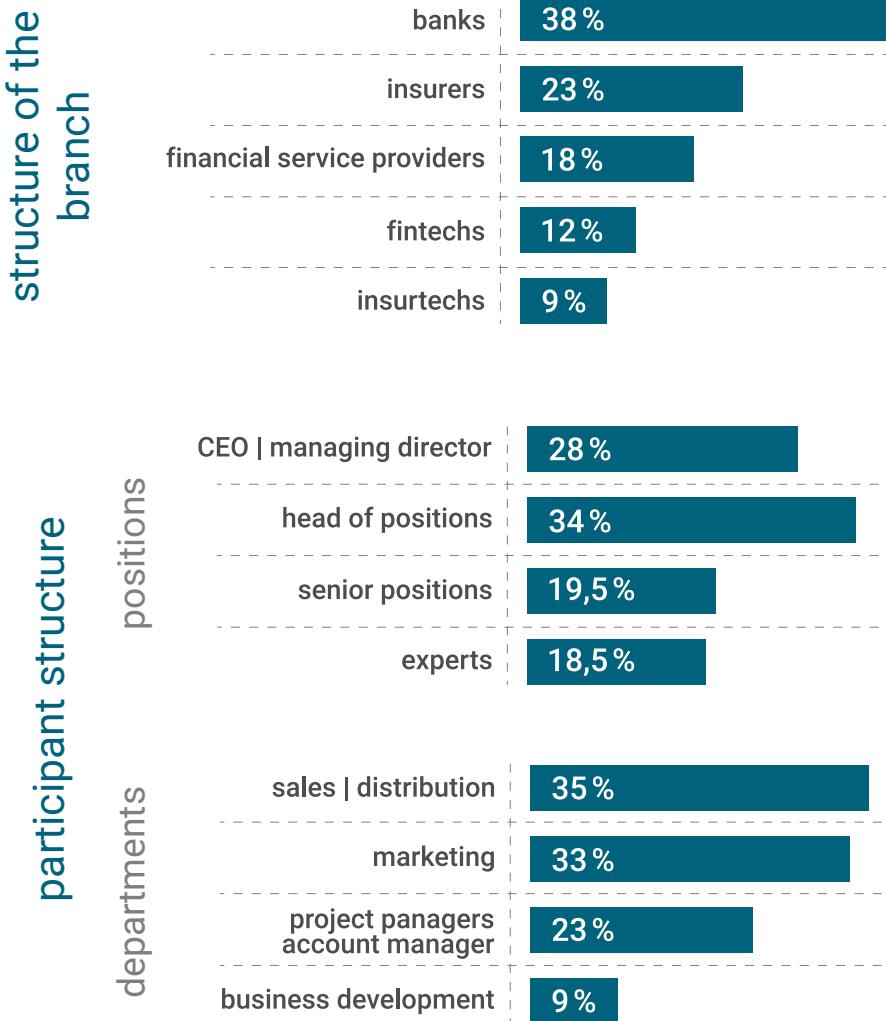

Meet CEOs, marketing and sales managers among our 400 guests. We offer renowned speakers, controversial panel discussions, master classes and informative workshops. StartUp Pitches and successful UseCases are, of course, included in the programme. As usual, we will once again present the **BankingCheck & eKomi Awards** to the best in the industry.

Our Partnership Packages offer you the right opportunity for successful interaction.

# BankingCheck & eKomi Awards

## What are the BankingCheck & eKomi Awards?

- Our customer-based award for the best providers & products in the financial and insurance industry.
- The BankingCheck Award has been available since 2012 for numerous provider and product categories in the financial sector, whereas the eKomi Award was added only two years ago for the insurance sector. The criterion for the award is the average rating of the customer ratings received by BankingCheck.
- To receive the Best Provider or Best Product of the Year award, companies must collect at least 50 ratings during the traditional four-month voting period from January to April.
- The winners are announced annually at the Banking and Insurance Summit.

## Banking and Insurance Summit

- The Banking and Insurance Summit, held since 2016, is a joint event of BankingCheck & eKomi for all Vertical Financial Services customers. The program includes lectures, informative use cases and of course many other interesting topics around the financial and insurance industry.
- The Banking and Insurance Summit traditionally concluded with the presentation of the BankingCheck and eKomi Awards.
- We are pleased to award the winners with our renowned awards in the context of the event concept again this year.
